

## 3 ways to stay healthy this season

This year, we need to take extra steps to fend off the flu and stay safe from COVID-19. Protect yourself and the people you care about with these simple tips.

### Get vaccinated

Vaccines make everyday moments safer. Fight off the yearly flu virus with a flu shot at no cost. Get the COVID-19 vaccination and stay up to date with booster shots for the best protection. Plus, you can safely get both the flu shot and COVID-19 vaccine at the same time.

### Protect yourself with healthy habits

Simple things that support overall health can also help you stay healthy. Wash your hands often. Wear a mask when it's recommended. Stay home when you're sick.

### Learn to recognize common symptoms

Flu, COVID-19, and the common cold share some of the same symptoms. If you're not feeling well, visit [kp.org/flu](https://kp.org/flu) to learn what your symptoms may mean and get tips to make yourself feel better.
