Who is eligible to participate?
If you are the primary member or covered spouse of a medical CU Health Plan, your shot is covered. Please bring your CU Health Plan ID card when you attend.

Non-members can receive a flu shot but will need to pay out-of-pocket if their insurance is not accepted by the clinic vendor (see a list of accepted carriers). The out-of-pocket cost is $26. Cash or checks will be accepted at the clinic.

*Please note that UCCS clinics will be free for all faculty, staff and spouses regardless of health plan coverage. Kaiser Permanente will cover the cost.

The schedule doesn’t work for me – is there another option?
If you are a CU Health Plan primary member or covered spouse and can’t attend one of the clinics, there are other options available.

Anthem members: You may submit an Anthem Member Claim Form, which is used to reimburse a member if he or she obtains a flu shot at a local pharmacy or other community site that does not file claims directly with Anthem.

Kaiser members: To get the most up-to-date information on seasonal flu vaccine, visit kp.org/flu or call our recorded flu hotline any time at 303-344-7600.

What type of flu vaccine will be available?
CU Health Plan clinics will offer the Quadrivalent vaccine. You can learn more about this vaccine on the CDC website. You can also review the CDC Vaccine Information Sheet to learn more about getting vaccinated.

What do I need to bring with me?
If you are a CU Health Plan member, please bring your CU Health Plan ID card (Anthem or Kaiser). Also, wear clothing that allows access to your right or left shoulder to allow the nurse to administer the flu shot.

How do I register?
If you are attending the Colorado Springs clinics hosted by Kaiser Permanente, you do not need to register. The Kaiser flu shot clinics offer walk-in visits only.

For everyone else, registration is easy. Simply follow the steps below.
