

Care is in the palm of your hand.

Download the Kaiser Permanente app to get your new digital ID card – and so much more.

You use your phone for just about everything. Why not use it for your health, too? When you download our mobile app, you can:

Email your doctor's office¹

View most lab and test results¹

Refill most prescriptions

Schedule or cancel routine appointments¹

Get medical advice

Pay your Kaiser Permanente medical bills

Your new digital ID card features your photo, meaning you don't have to dig through your wallet for a photo ID and your membership card when you check in for appointments or pick up prescriptions at Kaiser Permanente medical offices.² Just log in to the app and tap the ID card at the bottom of the page.³ If you haven't taken a photo yet, ask the patient registration associate at check-in.

Sign up at kp.org/register to get started. Then, download the Kaiser Permanente app and sign in using your kp.org login.

1. These features are available when you receive care at Kaiser Permanente medical offices.

2. A photo ID will still be required for all controlled substance prescriptions.

3. The digital ID card may not be available to members in certain plans or areas, including Medicare Senior Advantage, PPO, Mountain Colorado Service Area, and out-of-plan service area. It can only be used at Kaiser Permanente medical offices.
